

About GA Foods

GA Foods is a specialized maker of highly nutritious meals serving the unique nutritional needs of healthcare patients, seniors, children, military service personnel, and those impacted by disasters. The company's products are marketed under the SunMeadow® brand name and are available in over 40 states.

GA Foods' services include nutritional meal design, food preparation and distribution to both congregate and/or home delivered customers, and providing support to members through a state-of-the-art call center focused on providing outstanding customer care.

High Quality, Nutritious Meals

All SunMeadow® meals are made with high quality ingredients and are designed to meet or exceed federal and state regulatory standards and recommendations from:

- The American Diabetes Association
- The American Heart Association

SunMeadow® meals are:

- Prepared in a facility with continuous, on-site inspection by the USDA
- Designed as "healthy lifestyle" menus
- Flash-frozen to retain freshness and guarantee integrity
- Designed for members who may require a modified diet

Enrolling a New Member

Enrolling a new member in the post discharge home delivered meals program is a simple two-step process.

Complete a service authorization form. Be sure to include:

- Member contact information
- Member date of birth
- Your contact information
